WHO WE ARE:

As stewards of an extraordinary east-facing volcanic hillside, Cristom Vineyards' winegrowing revolves around the philosophy that the greatest expression of terroir produces the finest wines. For over 30 years, we have cultivated benchmark Pinot Noir and Chardonnay that embody a profound sense of place using neo-classical techniques. We remain steadfast in our commitment to the land and approach our daily decisions guided by what is best for Mother Nature 100 years from now. This long-range vision is upheld through our biodynamic and organic farming methods that nurture our soil and the spirit of our team — and our clients and partners who seek out elegant, dynamic, and pure wines from the Willamette Valley, Oregon.
